Wakayama YMCA College Japanese Language Courses Entrance Requirement 2020

The Wakayama YMCA College Japanese Language Course firmly believes that when one wants to master the four skills of a foreign language (speaking, listening, writing and reading), a considerable number of hours should be intensively devoted to improve them.

Therefore, our school offers courses for those who want to acquire overall competency in the Japanese language.

The goal is to obtain enough fluency in the language to allow you to study at colleges, universities and Senmon Gakko (vocational schools) in Japan or to engage in business in Japanese. The courses are designed to enable the student to pass the annual Japanese Language Proficiency Test held in July and December each year.

Courses
